

Event Booking Fees, Terms & Conditions

The Dean enforces a quiet time during the examination period in Easter Term. To that end, they will not give permission for the holding of room parties, garden parties, and dinners in the public rooms of the College between the third and last Fridays of Easter Full Term.

It is the responsibility of the organisers of entertainments or other functions for which bar training and instruction in fire-drill are essential, to apply to the Catering and Conference Manager and the Head Porter respectively for necessary instruction at least 14 days in advance of the first event (to do this the organiser must first seek permission from the Dean). Failure to attend the required training will mean that the event will not be approved.

Please note that for health and safety reasons all food/drink served in St John's venues must be provided by the St John's Catering department. No food or drink, with the exception of bottled water, shall be brought into St John's venues except with the permission of Catering & Hospitality Manager.. Requests for service of refreshments must be made at the time of booking and no later than two weeks prior to the event. Rules for bars operated by junior members

Introduction

The sale of alcohol on College premises is regulated under the Licensing Act 2003 by which the College must hold a Premises Licence. This regulates all licenced activity on the site, including the sale of alcohol. The Catering and Hospitality Manager is the designated Premises Supervisor for the College, and the holder of a Personal Licence. They are personally responsible for the overall control of the sale and supply of alcohol anywhere on the College's premises. As such, the Catering and Hospitality Manager is therefore required to authorise the operation of all bars on the premises. The following rules therefore govern the conduct of all bars operated by junior members on College premises.

The College Premises Licence

The College's Premises Licence is granted by Cambridge City Council under the authority of the Licensing Act, 2003. The College has a legal responsibility to ensure that the four licensing objectives contained in the 2003 Licensing Act are prompted. The licensing objectives are:

- the prevention of crime and disorder;
- public safety;
- the prevention of public nuisance;
- the protection of children from harm.

The Premises Licence allows the City Council and police the right of inspection at any time. Any breach of the Licence or its conditions could lead to a licence review.

Rules

The following rules are to be observed:

- Junior members' bars may only supply or sell alcohol to persons over the age of 18 who are members of the College or are the guests accompanying such members. Any variation of this rule requires the personal authorisation of the Catering and Hospitality Manager.
- Those running the bar are responsible for all aspects of the conduct of their bar. In particular they must not serve anyone who does not fall under the category in (a) above, anyone who is, or appears to be, drunk or whom they judge to have drunk enough, or whose behaviour is not conducive to good order and the licencing objectives.
- Those operating the bar are to be trained to the satisfaction of the Catering & Hospitality Manager. Once trained, further training will be required annually. A list of those who will operate the bar must be provided to the Catering & Hospitality Manager.
- A list of the alcohol that it is proposed to be supplied, together with the proposed bar prices, is to be submitted to the Catering & Hospitality Manager at least 7 working days before the event.
- The relevant statutory notices as notified by the Catering & Hospitality Manager are to be on display at all times.
- Any incidents in the bar must be reported to the Head Porter for onward transmission to the Dean and Catering and Hospitality Manager.

Noise (Student Handbook extract, 9.6, 9.8.1)

Music, group conversations and audio equipment inevitably produce problems in a community where many people live closely together. All members of College are expected to be considerate neighbours to those around them. Music, or audio equipment must not be readily audible outside the occupants rooms, nor be a nuisance to the occupants of other rooms. No television aerial is permitted outside. If requests to turn the volume down prove ineffective, let the porters know. They may then refer the matter to the Dean.

Unamplified musical instruments may be played in junior members, rooms between the hours of 13:00 and 23:00 on Saturdays, and between 13:00 and 21:00 on other days. Permission from the Domestic Bursar is required to have a piano or other keyboard instrument in College rooms.

Music practice by groups or individuals using amplified equipment is not permitted except in the Band Practice Room located in the Cripps basement.

Porters Charges

The Head Porter, after conducting a risk assessment, might decide that external supervision is required for events hosted by the JCR or SBR. If external supervision is required this can be provided either by Security Industry Accredited (SIA) door supervisors or porters. For porters, the following charges will apply:

Porter Charges -:	Up to Midnight	£36.25
	After Midnight	£47.23

Please note, cancellation of bookings requiring Porters attendance must be received no less than 7 days' in advance of the event and the organiser may still be liable for Porters' charges.

Public Room Security

Notice to person(s) using the Fisher Building and Divinity School public rooms

As the event organiser, when you are using the Fisher Building and/or Divinity School and selected rooms within, you will have responsibility for the security of the building.

We ask that you control access to the building to ensure that good security is maintained by fulfilling the following security measures:

Action	Completed?
Familiarise yourself with, and ensure that all attendees are aware of the fire evacuation procedure for the building	
Remind attendees of the College's smoke free policy, which includes vaping, and the location of the designated smoke areas, if requested	
Ensure that in the event of an emergency or fire evacuation inform the attendees and ask people to leave the area and go to the appropriate assembly point	
Inform the attendees of where to seek first aid if they, or any other attendee have an accident (closest Porters Lodge). Ensure that any accidents or near misses are reported too (to the closest Porters Lodge).	
Ensure good housekeeping, for example ensuring there are no trip hazards (e.g. trailing cables, attendee belongings on the floor) and take walk around just before the event starts to ensure that there are no obvious slip, trip or potential fall issues. Report any issues observed to the Porters' Lodge.	
Ensure electrical equipment brought for the event in has been PAT tested and has an in date test sticker on it. Remind all of the event team to carry out a visual inspection before using any electrical equipment.	
Ensure that the doors are staffed effectively to ensure that no unauthorised persons enter the building	
Ensure that there are enough event team to move things around safely (if required)	
When the event is over turn off any screens/electrical items/lighting that you have been using	
Leave the room clean, tidy and free of rubbish	
Close and lock all doors to the rooms that you have been using (including public facilities), and ensure that the building is cleared of all persons associated with your event	
Make sure all access cards and keys (if issued) are returned to the Forecourt/Cripps Porters' Lodge and that the Porter is informed that the event has finished and the building and/or the areas you were using are clear	

Thank you for your co-operation. Fulfilling these security measures will help to ensure that the building is safe and secure for future users.
